OLIMPIA SPLENDID
HOME OF COMFORT

DEHUMIDIFIERS

Compact and multifunctional
for air treatment all year round

Much more than dehumidifiers

Italian design

Olimpia Splendid upgrades the range of Aquaria dehumidifiers, proposing three new models in R290 designed by Alessio Abdolahian, already designer of the Dolceclima Air Pro portable air conditioners, awarded at the most recent Good Design Award, inspiring the company to create a distinctive family line. The new aesthetic is distinguished by its clean and contemporary style and the capacity to enclose, in extremely compact forms, superior technology.

Purification with HEPA filters

On the air treatment front, the range is distinguished by increasing filtration capacity, and features a filtering capacity starting from the pre-filter and the activated carbon filter, right up to being equipped with HEPA filters in the most powerful models. The new Aquaria dehumidifiers go beyond their primary function and are positioned as solutions for complete air treatment, all year round.
Latest-generation commands

All new models are equipped with precision control, thanks to the digital touch control panel. In addition, in the top-of-the-range models, the integrated wi-fi makes it possible to manage the dehumidifier functions even from your smartphone, by downloading the dedicated app.

Dehumidifiers range

	UP TO 12L	UP TO 16L	UP TO 24L
DOMESTIC USE	AQUARIA S1 12 P	AQUARIA S1 16 P	AQUARIA S1 24 P

AQUARIA S1 12 P

The compact 12-litre dehumidifier

DOUBLE FILTRATION

Captures the main allergens through the antidust filter and eliminates unpleasant odours thanks to the integrated activated carbon filter.

ERGONOMIC DESIGN

Easy to move thanks to the side handles and wheels, it features a super compact design for easy positioning, even in the corners of the home

DIGITAL CONTROL

The control panel allows accurate settings and timely control of the air temperature and humidity.

FEATURES

Dehumidification capacity: 12 l / 24h
For rooms up to 55 m³
Tank capacity: 2l
Noise level 40 dB
Temperature and humidity indicator
1-24h timer
Semi-transparent removable tank
Full tank alarm
Speed: low/medium/high
Dry function
Automatic defrosting device
Wheels for transportation

AQUARIA S1 24 P

The most complete 24-litre dehumidifier

TRIPLE FILTRATION WITH HEPA FILTER

In addition to the pre-filter and activated carbon filter, it is equipped with a HEPA filter effective on particles up to 0.3 microns

MOTORIZED FLAPS

Enjoy the best comfort experience thanks to the air flow management function.

TOUCH DISPLAY

Touch control panel with a clean look, allowing precise control

INTEGRATED WI-FI

By downloading the app, all functions can be controlled via smartphone, even away from home.

FEATURES

Dehumidification capacity: 24l / 24h
For rooms up to 100 m^3
Tank capacity: 5l
Noise level 38 dB
Motorised flap
Temperature and humidity indicator
1-24h timer
Semi-transparent removable tank with handle
Speed: low/medium/high
Dry function
Automatic defrosting device
Child lock
Wheels for transportation
Full tank alarm
